When my weakness pulls me under
And the waves are all I see
You are standing on the riptide
You are holding onto me

Verse 2

When Your voice feels small and distant
I will cling to every word
Though the darkness falls around me
I will trust that You are good

You will make a way
You will see me through
Sovereign over every trial
I find my strength in You

Verse 3

By Your spirit I will conquer
For I know that You are near
You are stronger than my demons
You are greater than my fear

Chorus

You will make a way
You will see me through
Sovereign over every trial
I find my strength in You

With all my heart and with all my soul
I'll give you my life, I'll offer it all
I'll lift up my hands and lay down my pride
For Your promise stands for all of my life

You will make a way
You will see me through
Sovereign over every trial
My victory is in You
