Original Key: C BPM: 70 Time: 3:53

### Intro

#### Verse 1

The brokenness inside of me  
The secrets that I try to keep  
You know every part, every part of me  
Every word that cripples me  
All my insecurities  
You know every part, every part of me

#### Chorus

You know it all, You see my faults  
Still You love me, You love me  
You never leave despite what You see  
Still You love me, You love me

#### Verse 2

The failures hidden deep inside  
The scars that I have tried to hide  
You know every part  
Every part of me  
When all my dreams begin to fade  
My future seems so far away  
You know every part  
Every part of me

#### Chorus

You know it all  
You see my faults  
Still You love me, You love me  
You never leave  
Despite what You see  
Still You love me, You love me

#### Bridge (x2)

You never turn, You never leave  
My hope secured cause You rescued me  
Always faithful, forever true  
My life is changed, now I'm found in You

#### Chorus 2

You know it all, You see my faults  
Still You love me, You love me  
You never leave despite what You see  
Still You love me, You love me
