Intro

Verse 1

I have a reason now to worship
I have a song that I can bring
You heard my prayer in desperation
And You answered me
Found in the joy of Your salvation
Lost in the goodness of Your love
You put the purpose in my praises
I sing for all that You've done

Chorus

Hallelujah
Morning to night
With all the breath in my lungs
And hands held high
Hallelujah
This is my song
Praise my Savior
All day long

Interlude

Verse 2

The more I seek the more I'm finding
You are seeking after me
Your pursuit is never ending
My praise will ever be

Chorus

Hallelujah
Morning to night
With all the breath in my lungs
And hands held high
Hallelujah
This is my song
Praise my Savior
All day long

Instrumental

Bridge X4

Praise the Lord
Sing His praise
Let everything that has breath
Praise the Lord
Praise the Lord

Chorus X2

Hallelujah
Morning to night
With all the breath in my lungs
And hands held high
Hallelujah
This is my song
Praise my Savior
All day long
