**Intro****Verse 1**

God here I am  
God it's just me  
I come to Your presence  
To sit at Your feet  
God it's just me  
Got nothing to bring  
Not looking for answers  
Just come do Your thing  
And I'll be still

**Chorus**

You are still good  
You never change  
Your grace always saves  
You're always kind  
All of my days  
I'm here to praise  
You are still good  
You are still good

**Interlude****Verse 2**

God here I am  
I'm still around  
I'm showing up  
To lay it all down  
And I'll be still

**Chorus**

You are still good  
You never change  
Your grace always saves  
You're always kind  
All of my days  
I'm here to praise  
You are still good  
You are still good

**Instrumental****Bridge 1**

You are still worthy  
You are still worth it  
We choose to praise You  
Because You deserve it  
You are still faithful  
You are still working  
We choose to praise You  
Because You deserve it  
You are still worthy  
You are still worth it  
We choose to praise You  
Because You deserve it  
You are still faithful  
You are still working  
We choose to praise You  
Because You deserve it

**TAG**

You are still good  
You are still good

**Chorus**

You are still good  
You never change  
Your grace always saves  
You're always kind  
All of my days  
I'm here to praise  
You are still good  
You are still good
